We offer a range of programs to suit individual needs and goals including one on one tutoring.

The 20 hour a week course is intensive test preparation for students seeking university entrance. Every aspect of the test will be covered thoroughly and you will have regular test practice and feedback. This course is CRICOS registered.

Why IELTS?

The International English Language Testing System, IELTS, is designed to assess the language ability of people who need to study or work where English is the language of communication. It is recognized by Australian universities and the Australian government as well as many other schools, colleges and TAFE.

IELTS is available in two formats:

1. The Academic Reading and Writing tests assess whether a person is ready to study or train in English at undergraduate or postgraduate level.
2. The General Training Reading and Writing tests emphasise basic survival skills in a broad social and educational context. The IELTS General Training Course is suitable for people who are going to complete secondary education, to undertake work experience, to study vocational courses and for immigration.
